### ARNOT SCHOOL OF NURSING OFFERS FULL TUITION SPONSORSHIPS

The Arnot School of Nursing is announcing “full ride” sponsorships for eligible incoming nursing students for the class beginning in Fall of 2025.

Arnot Health, recognizing the need for registered nurses, is investing in students pursuing their education at the Arnot School of Nursing. A fund has been established to support deserving students and provide guaranteed employment upon graduation from the program. This sponsorship includes books, fees, and tuition incurred in attendance at the Arnot School of Nursing to complete the Associate Degree in Nursing program in two years.

The commitment from the student is 3 years of full-time employment as a registered nurse in a Medical-Surgical unit or a Behavioral Science unit at Arnot Ogden Medical Center for the two-year program of tuition, fees, and books received.

Laurie L. Dunn, MS, RN, System Director of Education and School of Nursing, says if anyone has been considering a nursing career, this is the perfect opportunity.

“At Arnot we believe in our region, and we want to support the dreams of traditional nursing students, and those seeking a new direction later in life, to have careers in high-demand, high-impact fields. Becoming a registered nurse opens the door to countless ways to serve your community and use your talents to the utmost. And now, there are no financial obstacles to getting that education.”

The deadline to apply for the sponsorship is May 31st, but the deadline to apply for admission to the School of Nursing is March 15<sup>th</sup>. To apply to the Arnot School of Nursing visit our website: [www.arnothealthson.org](http://www.arnothealthson.org).

For full information, and the sponsorship application, contact the School of Nursing Recruiter, Charade Kittle, at [charade.kittle@arnothealth.org](mailto:charade.kittle@arnothealth.org) or 607.737.4294.

Guidance Office

Dear Guidance Office:

We have implemented some changes to our admission policies and procedures and wanted to make sure we were keeping you informed.

- Our NEW deadline to apply is March 15, 2025, for the Fall 2025 start.
- Our application process is now online. Here is the link: <https://arnotogden.bamboohr.com/careers/23>. To keep student costs down, we are utilizing HR software. Students click on "apply for this job" to begin their application for admission to the Arnot School of Nursing.
- The ATI TEAS test MUST be completed by the March 15, 2025, application deadline.
- Potential students will not be invited in for an interview until you have achieved the minimum score or better on the ATI TEAS test. (<https://www.atitesting.com>)

Our basic admission qualifications for students are:

- Successful completion of an Algebra class with a C or better final grade
- Successful completion, of a Chemistry w/lab with a C or better final grade
- Successful completion of a biology class with a C or better final grade
- An ATI TEAS test score equal to or greater than the national mean, (currently 64.9%), which is less than 24 months old.
- And of course, completion of our application process, (essay, resume, transcripts, & references).

I am including our flyer that briefly outlines the admission requirements, the class layout for the 4 semesters. I am also including a brief outline of the ArnotHealth Sponsorship.

We will evaluate any college coursework the student may have completed and transfer in the appropriate courses if the student can provide official transcripts. All science courses, (A&P 1 and 2, microbiology) cannot be over 5 years old. We will NOT transfer in nursing courses. All nursing courses must be completed here. If the student would like to send an unofficial transcript prior to applying, we can review it to let the student know what we anticipate transferring in.

If you have students who would like to meet in person to discuss our program, or you would like me to give a presentation to your students, I would be happy to schedule an in-person or Zoom visit. I am also interested in tabling at your school or career fair if possible.

I look forward to working with you and your students. Thank you in advance for sharing this information with your students. Please do not hesitate to reach out with questions or if you need additional materials. I would be happy to drop off as many as you may need.
