Superintendent

Dr. Amy Martell, Superintendent, reported on the following items:

- Prospective student teachers had the opportunity to apply for the PA Student Teacher Stipend Program in the Spring of 2024. This program was for the 2024/2025 school year. The applicants were selected, and they have been notified that their applications are being considered. The Canton Area School District must complete the PA Student Teacher Support Program Intake Survey, a Program Participation Agreement, as well as an ACH agreement to be able to participate. Completing the documents does not guarantee that our district will have any selected student teachers in the 2024/2025 award year, but it will expedite the process for receiving funds if we do have a student teacher selected. The 2024/2025 state budget allocated \$20 million to the PA Higher Education Assistance Agency (PHEAA) to administer the Student Teacher Stipend Program this year, doubling the amount from last year. The law establishing the grant program also was amended to permit grant recipients to meet their post-certification work-requirement in a pre-kindergarten program, in addition to a public-school entity or nonpublic school. PHEAA is currently communicating provisional awards to those student teachers that completed an application on a first-come, first-served basis. PHEAA will coordinate with the student teacher's postsecondary school and secondary school placement to disburse funds by September 2024. More information is available at pheaa.org.
- ACT 55 OF 2024 ITEMS:
 - Section 1316-C Safety Personnel Waiver: Requires only school districts to have at least one full-time school security personnel who have completed their requisite training to be on duty during the school day beginning with the 2024/2025 school year unless the district

has been granted a waiver from the PCCD School Safety and Security Committee. School districts must certify that they have hired or contracted with a school security personnel that satisfies the requirements of Article XIII-C. PCCD will notify school districts of the waiver process following the School Safety and Security Committee meeting on September 11.

- Section 1316.1 Security Personnel Funding: Establishes a school security personnel restricted account for the purpose of making reimbursements to school districts for the hiring or contracting of school personnel, not to exceed \$50,000. However, no funding was allocated for 2024/2025.
- Section 1555 Curriculum Toolkit for 9/11: Enacted under Act 25 of 2024, this amendment requires school entities to conduct a moment of silence during instructional hours to observe the anniversary of September 11, 2001. Additionally, within 1-year, the Department of Education will provide a curriculum toolkit related to the events and significance of 9/11 for voluntary use by school entities.
- Notification of Criminal Charges against school staff - The current reporting by Teacher Information Management System (TIMS) to districts is not dependable and cannot guarantee the CSAs will be notified if one of their staff is charged with a crime, even crimes that jeopardize the safety and welfare of students. Dr. Martell shared The School District of Haverford Township's letter to the Secretary of Education regarding this issue.

ARP ESSER Health and Safety Plan Guidance & Template

Initial Effective Date: 6/10/2021

Last Revision Date: August 15, 2022

Review Dates: 10/10/24, 04/11/24, 10/12/23, 04/13/23, 04/14/22, 03/10/22

Section 2001(i)(1) of the American Rescue Plan (ARP) Act requires each local education agency (LEA) that receives funding under the ARP Elementary and Secondary School Emergency Relief (ESSER) Fund to develop and make publicly available on the LEA's website a *Safe Return to In-Person Instruction and Continuity of Services Plan*, hereinafter referred to as a *Health and Safety Plan*.

Based on ARP requirements, 90 percent of ARP ESSER funds will be distributed to school districts and charter schools based on their relative share of Title I-A funding in FY 2020-2021. **Given Federally required timelines, LEAs eligible to apply for and receive this portion of the ARP ESSER funding must submit a Health and Safety Plan that meets ARP Act requirements to the Pennsylvania Department of Education (PDE) by Friday, July 30, 2021, regardless of when the LEA submits its ARP ESSER application.**

Each LEA must create a Health and Safety Plan that addresses how it will maintain the health and safety of students, educators, and other staff, and which will serve as local guidelines for all instructional and non-instructional school activities during the period of the LEA's ARP ESSER grant. The Health and Safety Plan should be tailored to the unique needs of each LEA and its

schools and must take into account public comment related to the development of, and subsequent revisions to, the Health and Safety Plan.

The ARP Act and U.S. Department of Education rules require Health and Safety plans include the following components:

1. How the LEA will, to the greatest extent practicable, implement prevention and mitigation policies in line with the most up-to-date guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning;
2. How the LEA will ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services;
3. How the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC:
 - a. Universal and correct wearing of masks;
 - b. Modifying facilities to allow for physical distancing (e.g., use of cohorts/podding);
 - c. Handwashing and respiratory etiquette;
 - d. Cleaning and maintaining healthy facilities, including improving ventilation;
 - e. Contact tracing in combination with isolation and quarantine, in collaboration with State and local health departments;
 - f. Diagnostic and screening testing;
 - g. Efforts to provide COVID-19 vaccinations to school communities;
 - h. Appropriate accommodations for children with disabilities with respect to health and safety policies; and
 - i. Coordination with state and local health officials.

The LEA's Health and Safety Plan must be approved by its governing body and posted on the LEA's publicly available website by July 30, 2021.* The ARP Act requires LEAs to post their Health and Safety Plans online in a language that parents/caregivers can understand, or, if it is not practicable to provide written translations to an individual with limited English proficiency, be orally translated. The plan also must be provided in an alternative format accessible, upon

request, by a parent who is an individual with a disability as defined by the Americans with Disabilities Act.

Each LEA will upload in the eGrants system its updated Health and Safety Plan and webpage URL where the plan is located on the LEA's publicly available website.

The ARP Act requires LEAs to review their Health and Safety Plans at least every six months during the period of the LEA's ARP ESSER grant. LEAs also must review and update their plans whenever there are significant changes to the CDC recommendations for K-12 schools. Like the development of the plan, all revisions must be informed by community input and reviewed and approved by the governing body prior to posting on the LEA's publicly available website.

LEAs may use the template to revise their current Health and Safety Plans to meet ARP requirements and ensure all stakeholders are fully informed of the LEA's plan to safely resume instructional and non-instructional school activities, including in-person learning, for the current school year. An LEA may use a different plan template or format provided it includes all the elements required by the ARP Act, as listed above.

* The July 30 deadline applies only to school districts and charter schools that received federal Title I-A funds in FY 2020-2021 and intend to apply for and receive ARP ESSER funding.

LEAs are advised to review the following resources when developing their Health and Safety Plans:
